The Board of Directors of **DCM Shriram Industries Limited**

1. We have reviewed the accompanying Statement of unaudited standalone financial results of DCM Shriram Industries Limited ("the Company") for the quarter ended 30 September 2019 and year to date results for the period from 1 April 2019 to 30 September 2019 ("the Statement").
2. This Statement, which is the responsibility of the Company's management and approved by the Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "*Interim Financial Reporting*" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"). Our responsibility is to issue a report on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. In the quarterly financial results, as per the policy consistently followed by the Company, the sugar off-season expenses amounting to Rs. 3,446 lakhs are not considered as part of cost of sugar produced during the period and carried forward as inventory for inclusion in the cost of sugar to be produced in the remaining part of the financial year. However, for annual accounts, such expenses are fully absorbed in cost of sugar produced during the year.

Had the Company charged expenditure so incurred to the accounting period in which such expenses were incurred, the decrease in stock in trade would have been higher by Rs 2,276 Lakhs for the six months and the quarter ended 30 September 2019. Consequently, profit after tax would have been lower by Rs 1,480 Lakhs for the six months and the quarter ended 30 September 2019 (refer Note 1 of the Statement).

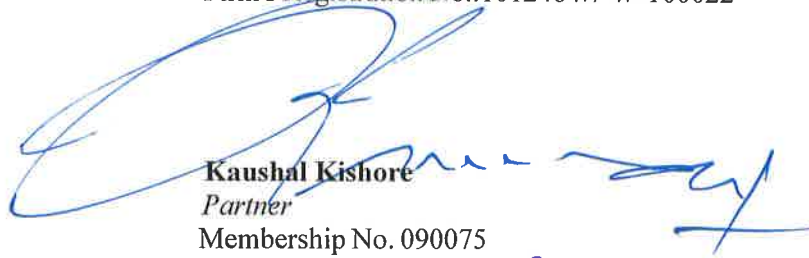

B S R & Co. LLP

5. Based on our review conducted as above, except for the effect of the matter as already explained in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with applicable accounting standards and other recognised accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 including the manner in which it is to be disclosed, or that it contains any material misstatement.

To

The Board of Directors of **DCM Shriram Industries Limited**

1. We have reviewed the accompanying Statement of unaudited consolidated financial results of DCM Shriram Industries Limited ("the Parent") and its subsidiaries (the Parent and its subsidiaries together referred to as "the Group"), and its share of the net profit after tax and total comprehensive loss of its associate for the quarter ended 30 September 2019 and year to date results for the period from 1 April 2019 to 30 September 2019 ("the Statement"), being submitted by the Parent pursuant to the requirements of Regulation 33 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("Listing Regulations"). Attention is drawn to the fact that the consolidated figures for the corresponding quarter and six months ended 30 September 2018, as reported in these financial results have been approved by the Parent's Board of Directors, have been included for comparative purposes, since the requirement of submission of quarterly consolidated financial results in respect of the Company has become mandatory only from 1 April 2019.
2. This Statement, which is the responsibility of the Parent's management and approved by the Parent's Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" ("Ind AS 34"), prescribed under Section 133 of the Companies Act, 2013, and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 "Review of Interim Financial Information Performed by the Independent Auditor of the Entity", issued by the Institute of Chartered Accountants of India. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.  
  
We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the Listing Regulations, to the extent applicable.
4. The Statement includes the results of the following entities:  
Daurala Foods and Beverages Private Limited (Subsidiary)  
DCM Hyundai Limited (Associate)
5. In the quarterly financial results, as per the policy consistently followed by the Company, the sugar off-season expenses amounting to Rs. 3,446 lakhs are not considered as part of cost of sugar produced during the period and carried forward as inventory for inclusion in the cost of sugar to be produced in the remaining part of the financial year. However, for annual accounts, such expenses are fully absorbed in cost of sugar produced during the year.

Had the Company charged expenditure so incurred to the accounting period in which such expenses were incurred, the decrease in stock in trade would have been higher by Rs 2,276 Lakhs for the six

months and the quarter ended 30 September 2019. Consequently, profit after tax would have been lower by Rs 1,480 Lakhs for the six months and the quarter ended 30 September 2019 (refer Note 1 of the Statement).

6. Based on our review conducted and procedures performed as stated in paragraph 3 above and based on the consideration of the review reports of the other auditors referred to in paragraph 7 below, except for the effect of the matter referred to in paragraph 5 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standard and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of Regulation 33 of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.
7. We did not review the interim financial results of one subsidiary included in the Statement, whose interim financial results reflect total assets of Rs. 1,219 Lakhs as at 30 September 2019, total revenues of Rs. 25 Lakhs and Rs. 45 Lakhs and total net profit after tax and other comprehensive income of Rs. 17 Lakhs and Rs. 32 Lakhs, for the quarter and for the six months ended 30 September 2019, respectively, and cash outflows (net) of Rs. 11 Lakhs for the period from 1 April 2019 to 30 September 2019, as considered in the consolidated unaudited financial results. The consolidated unaudited financial results also includes the Group's share of net profit after tax of Rs. 73 Lakhs and Rs. 82 Lakhs and total comprehensive loss of Rs. 240 Lakhs and Rs. 217 Lakhs for the quarter and for the six months ended 30 September 2019, respectively, as considered in the Statement, in respect of an associate, whose interim financial results have not been reviewed by us. These interim financial results have been reviewed by other auditors whose reports have been furnished to us by the management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and associate, is based solely on the reports of the other auditors and the procedures performed by us as stated in paragraph 3 above. Our conclusion on the Statement is not modified in respect of the above matters.
